DATE: July 10, 2007

FROM: Susan Olds, Executive Budget Director

SUBJECT: **Alternate Learning Centers Allocation (formerly Borough Suspension)**

For the 2007-2008 school year, Alternate Learning Centers (ALCs) for middle and high school students on Superintendent's Suspensions will be organized by borough. Each borough will have several sites serving a maximum of 80 students with core subject area teachers, a Special Education Teacher, an educational Paraprofessional, a Guidance Counselor and a school aide. The number of sites has been determined by projecting the yearly needed seats for middle and high school students involved in the Superintendent's Suspension process. Each borough ALC will be supervised by a Principal and 2-3 assistant principals. A school secretary will also be allocated to each borough center to handle payroll, supplies and other related duties.

It should be noted that for organizational purposes all borough Alternate Learning Centers will be assigned to District 88. The allocation for personnel includes the CSA CB adjustments.
