SCHOOL ALLOCATION MEMORANDUM NO. 51, FY08

DATE: September 4, 2007

TO: **COMMUNITY SUPERINTENDENTS, INTEGRATED SERVICE CENTERS AND SCHOOL PRINCIPALS**

FROM: Susan Olds, Executive Budget Director

SUBJECT: **Data Specialist Allocation**

This memorandum provides resources to support a school-based per session/per diem Data Specialist as requested by the Office of Accountability. The person in this position will have good technical and leadership skills, and an ability to communicate effectively the relationship between data inputs and outputs to the rest of the school community. The specialist will act as the first point of contact for both source systems and the Achievement Reporting and Innovation System (ARIS) support at the school and will be able attend additional training throughout the year.

The Office of Accountability has asked each principal to identify one member of the Children First Inquiry Team to serve as the school's Data Specialist. The Data Specialist will:

- Communicate effectively the relationship between data inputs and outputs to the rest of the school administration and staff, including coordination with the school's testing coordinator around testing requirements for accountability purposes.
- Help develop and support a culture of collecting, examining, and utilizing data in the school, from the classroom to grade-level and department teams.
- Serve as a champion of data integrity and governance within the school: create a plan for generating buy-in and develop capacity for improved data management practice within the school.
- Provide regular updates to school leadership around issues of data accuracy and governance.
- Learn to use ARIS.
- Spearhead the implementation of the school-based ARIS rollout/use strategy.
- Help ARIS users locate appropriate training events/artifacts based on their need.
- Serve as the users' first point of contact for ARIS assistance at the school and communicate with the ARIS Help Desk about recurring issues within the school.
