SCHOOL ALLOCATION MEMORANDUM NO. 10, FY09

DATE: May 22, 2008

TO: **COMMUNITY SUPERINTENDENTS, INTEGRATED SERVICE CENTERS AND SCHOOL PRINCIPALS**

FROM: Susan Olds, Executive Budget Director

SUBJECT: **TITLE I SCHOOL ALLOCATIONS**

TITLE I SCHOOL TARGETING

A school will be targeted to receive Title I resources if its poverty percentage is at or above the cutoff rate (described below). The poverty rate is the number of Free Lunch Eligible pupils divided by the student enrollment. Pupils are deemed free lunch eligible if there is a completed free lunch form for the child or the student is receiving public assistance that has the same or lower income requirement as free lunch (TANF and Food Stamps).

The Human Resources Administration (HRA) provides child specific information for the public assistance categories. Child data is matched to the Department of Education's pupil data base, ATS, which already contains free lunch data. All data is as of October 31st. From ATS, a school's register and an unduplicated free lunch eligible count is produced. Dividing poverty by enrollment yields the school's poverty rate.

This measure focuses on a school's actual student population and is unburdened by issues of attendance zones in a school system with school choice and un-zoned schools.

The County Provision requires Title I funds to be allocated among the five boroughs in proportion to each county's share of poverty counts in the federal census. Separate Title I poverty cutoffs are established for each borough (county). The city-wide rate is 60.00%. Additionally, by Federal law the lowest poverty rate for designating a school Title I eligible is 35.00%. The Title I poverty cutoff rate by borough is:

	<u>City-Wide</u>	<u>Manhattan</u>	<u>Bronx</u>	<u>Brooklyn</u>	<u>Queens</u>	<u>Staten Island</u>
City-Wide Cutoff	60.00%	60.00%	60.00%	60.00%	60.00%	60.00%
County Title I Cutoff	60.00%	60.00%	60.00%	60.00%	55.71%	37.84%

Schools targeted for Title I funds in FY08 that have poverty rates below their respective county cutoff will be grandfathered Title I in FY09. Affected schools will receive a Title I allocation reduced in proportion to their poverty rate divided by the citywide cutoff of 60%. Federal law permits grandfathering for one year only.

Program Conversions and Redesigns: In FY09, several school-programs (sub-schools) will break away from their "parent" school to become independent schools. The parent school and the program conversion school will share the poverty rate calculated for the previously combined school. The number of low income students for the combined school will be prorated between the parent and new school in proportion to their projected registers.

New Small Schools: New small schools are being established in Title I attendance zones. These schools will be designated Title I for FY09 only. Continued designation will be dependent upon the FY09 number of low income students. These schools will not qualify for grandfather status in FY10. A poverty rate equal to its respective county's cutoff rate is established for each new school. The estimated poverty count is not added to the overall NYC count. Title I funding will come from the public school share after apportioning the NYC amount among non-public schools, neglected children, and public schools.

Phasing-In New Schools and Restructured Schools: For fiscal year 2009, the Title I methodology has been modified to address the needs of new and restructured schools that are adding entirely new grade(s) of students. For these schools, the projected number of eligible students for the new classes will be added to the actual eligible student count from the prior year. The same poverty percentage as the prior year, or the borough minimum where there is no prior year history, will be used when calculating the amount of Title I funds for these schools.

~~~~~

**NON-PUBLIC SCHOOL (NPS) AND NEGLECTED CHILDREN APPROPRIATION**

The law requires use of comparable criteria to distribute Title I funds to public and non-public school students. This mandate is satisfied by identifying free lunch eligible non-public school students who reside in the attendance areas of Title I designated public schools (see below).

Title I funds are divided among each borough's Title I eligible student population to yield the borough's Title I per capita. The eligible population includes public school, non-public school and neglected children (count provided by the State). The per capita multiplied by the respective non-public eligible pupil count becomes the Non-Public School share of the Title I appropriation. Likewise, the Neglected Children Title I appropriation is calculated by multiplying the county per capita by the respective count of neglected children.

The Neglected Children programs are administered by both Alternative High Schools Programs and City-Wide Special Education.

The measure of poverty for non-public school children uses the same data described above for public school students. The difference is that non-public schools provide free lunch information through an on-line database.

The Federal law prohibits the targeting of non-public schools for Title I purposes. Consequently, to identify a non-public school Title I eligible pupil, the following procedure is used:

- Low income non-public school pupils are identified using the same measure as public schools;
- The address of a low income pupil is mapped to a public school attendance zone for the appropriate age and instructional level;
- If the attendance zone is that of a Title I public school, the NPS student is Title I eligible;
- If the attendance zone is that of a Non-Title I public school, the NPS student is not Title I eligible.

The public school attendance zones include the Title I schools that meet the established cutoffs and grandfathered schools.

### **PUBLIC SCHOOL ALLOCATIONS**

Title I funds remaining after deducting the Non-Public School and Neglected Children shares of each borough's appropriation, are available for public school allocation. A portion of this amount is committed to programs such as No Child Left Behind supplemental educational services, prekindergarten program, support for low performing schools, bilingual paraprofessional training, and Saturday Prep Academies. These are either allocated separately to schools or administered centrally. The Title I budget, net of these adjustments, is allocated to elementary, middle and high schools on a per capita basis using the number of eligible children attending Title I designated schools. As described above, allocations for grandfathered schools are prorated.

The organization of citywide special education classes, with the delivery to each pupil of services prescribed in their Individual Education Program (IEP), reduces the need for supplemental Title I services. As a result, Citywide Special Education Title I resources will be used to enhance supplementary Title I programs in elementary, middle and high schools. This policy has been in effect since FY94.

The public school Title I county per capitas are:

---

|                                        | <u>City-Wide</u> | <u>Manhattan</u> | <u>Bronx</u> | <u>Brooklyn</u> | <u>Queens</u> | <u>Staten Island</u> |
|----------------------------------------|------------------|------------------|--------------|-----------------|---------------|----------------------|
| Public School Allocation<br>Per Capita | \$1,123.34       | \$1,061.38       | \$1,161.38   | \$1,274.33      | \$906.77      | \$1,029.01           |

---

Federal law requires all students residing in temporary housing (STH) to be Title I eligible regardless of the school they attend. Consequently, a Non-Title I school will receive a Title I allocation based on the number of STH children enrolled times their respective county per capita amount.

Federal law also requires that a minimum of 1% of a school's allocation support parent involvement programs. These programs must be designed in collaboration with parents of Title I participants.

A School-wide program (SWP) is based on a comprehensive school-wide program plan designed collaboratively at the school level to improve instruction. In addition to challenging content, the plan incorporates intensive professional development for staff and parents and collaboration, where appropriate, with community organizations to strengthen the school's program.
