## SCHOOL ALLOCATION MEMORANDUM NO. 73, FY09

**DATE:** November 4, 2008

**TO:** **COMMUNITY SUPERINTENDENTS, INTEGRATED SERVICE CENTERS  
AND SCHOOL PRINCIPALS**

**FROM:** Susan Olds, Executive Budget Director

**SUBJECT:** **Students with Interrupted Formal Education (SIFE) and Long-Term  
English Language Learners (LTE) Grant- REVISED 2/17/09**

---

This memorandum provides resources to schools participating in the Students with Interrupted Formal Education (SIFE) and Long-Term ELLs (LTE) Initiative. Participating schools were required to submit program proposals which were approved by Maria Santos, Executive Director, Office of English Language Learners (ELLs). School allocations are summarized on the attached table.

In its fifth year of implementation, the SIFE/LTE Initiative provides funding, technical assistance, professional development and networking opportunities so that schools develop and implement new ways to serve these struggling students. According to the 2007-08 BESIS, one out of every ten ELLs has been identified as SIFE. ELLs who have received services for more than six years and are typically over-aged, known as Long-Term ELLs, make up even more of the overall ELL population (14%) in New York City. In order to serve this high-needs population, the initiative has been refined and is tailored to include professional development and instructional service options for grant recipients through Structured SIFE/LTE Academic Intervention Programs.

This year, the SIFE/LTE Initiative is offering grant recipients both literacy and mathematics Academic Intervention programs. These programs provide middle and high school teachers with research-based strategies, practices, materials and curricula to strengthen literacy, mathematics and technology skills in targeted populations of ELLs. Through this program, the costs associated with core professional development, onsite visits, and technical assistance from consultants are paid and monitored centrally, using an economy of scale to maximize SIFE funding. Funding received at the school level, without professional development and materials fees, is solely for program implementation.

Program schools will create learning communities based on the model they choose to implement. ELL Curriculum Specialists and Compliance/Performance Specialists from the Office of ELLs will visit each school at least two times during the year to support program implementation, evaluate program effectiveness, and document best practices that will be highlighted on the Office of English Language Learners' website for all schools with SIFE and LTEs to access and utilize as a reference to strengthen their instructional program for SIFE and LTEs. Schools will send appropriate representatives for professional development according to recommendations of the chosen Academic Intervention Programs. Also, all sites will be required to submit student rosters and final reports evaluating program implementation, materials and data collected to determine if students met goals and objectives stated in the submitted proposals.

Allocations will be placed in each school's budget under the allocation category **"TL SIFE ELL"**, **"TL SIFE ELL HS"** or, **"Title III LEP"**. Schools should schedule their allotment in accordance with their approved program proposal.
