SCHOOL ALLOCATION MEMORANDUM NO. 83, FY10

DATE: February 18, 2010

TO: **COMMUNITY SUPERINTENDENTS, HIGH SCHOOL SUPERINTENDENTS, INTEGRATED SERVICE CENTERS AND SCHOOL PRINCIPALS**

FROM: Ling Tan, Executive Director

SUBJECT: INQUIRY LEADERSHIP ALLOCATIONS

This year 68 schools were selected by their Network to participate in design and planning of collaborative inquiry work. The allocation described in this memo will support leadership development for selected educators engaged in inquiry within their schools.

Inquiry Leadership Process

In FY10 we have deepened the inquiry work by providing opportunities for customization and co-construction of the Inquiry work in Networks and schools, including District 97. An integral component of this strategy is utilizing real-time school-level perspectives. This will be achieved by fully involving selected principals and teacher leaders in the leadership and design of collaborative inquiry work. The approach enhances sustainability through building networks of learning communities within schools and Networks.

Participate in inquiry planning and design

- Networks have invited selected principals and their teacher leaders to participate in the leadership and design of collaborative inquiry within their Network. The newly formed teams provide professional development to each Network of schools. Throughout the year, the selected CFI principals and teachers will stimulate and facilitate the sharing of best practices throughout the Network and serve as coaches to others.

Funding

This allocation will provide resources to make schools' participation possible. Each participating school will receive \$1102.00 in support of the inquiry leadership work. The allowable cost factors will include:
