

SCHOOL ALLOCATION MEMORANDUM NO. 08, FY 14

DATE: May 24, 2013

TO: Community Superintendents
High School Superintendents
Children First Networks
School Principals

FROM: Michael Tragale, Chief Financial Officer

SUBJECT: Title I School Allocations

As part of the Budget Control Act of 2011, federal sequestration cuts for schools take effect starting in school year 2013-2014. The net effect for New York City for Title I Part A appropriation is projected to be cut by approximately 5% from the previous year's allocation at the federal level. This is a preliminary cut projection and is subject to change once the NYSED releases its allocations to the school districts within the state.

For two consecutive years Title I Part A federal funds for NYC have been cut, and the impact to schools this year has resulted in an overall reduction of 8.27%. In order to restore and sustain essential services, the NYC DOE has identified local resources to mitigate the effects of these reductions.

2010 Census Updates

Census poverty data collected by the U.S. Bureau of Census is a factor that the USDOE uses to distribute federal education program funding, such as Title I, Part A, to State Education Agencies (SEA). Each SEA then, in turn, uses the Census Bureau's school district estimates of the number of underprivileged children who are between the ages of 5 -17 and the annual update of neglected and foster home children to determine each Local Education Agency's (LEA) funding allocation.

The Census data used to determine funding was updated based on the 2010 Census, which affected the education funding allocations in SY2012-2013 (FY13). As a result of this Census update, NYC's final allocation for Title I, Part A for SY2012-2013 was cut by \$40M as compared to the previous school year, SY2011-2012.

ESEA Waiver

In FY 13, NYSED received approval from the U.S. Department of Education (USDE) for its flexibility waiver request, authorizing New York State to revise its accountability system and provide schools across New York State with flexibility in aligning resources to increase student outcomes. This flexibility is in effect through 2015 and schools can continue to find options in managing their resources with the flexibility provided by the ESEA waiver. The flexibility waiver releases all schools (Public and Non-Public schools) from the requirement of setting aside 5% and 10% of their allocation to support the highly qualified and professional development mandates. It allows schools the opportunity to align resources and design programs that meet the specific needs of students to increase outcomes. Schools identified as Focus and Priority schools will receive an additional Title I allocation in support of school improvement plans and increased parent engagement via a separate allocation memorandum.

TITLE I ELIGIBILITY

Schools will be targeted to receive Title I, Part A federal resources based on several factors, including the county’s prescribed cutoff rate, school poverty rates, audited student registers, and the Title I county per capita – all of which are recalibrated and adjusted annually. For FY 2014, a school’s poverty rate is based on the number of free lunch eligible pupils divided by student enrollment. Pupils are deemed free lunch eligible if there is a completed free lunch form for the child or the student is receiving public assistance that has the same or lower income requirement as free lunch (TANF and food stamps). Student enrollment is based on the October 31, 2012 register, which is audited by Office of the Auditor General.

The Human Resources Administration (HRA) provides child specific information for the public assistance categories. Child data is matched to the Department of Education’s pupil data base, ATS, which already contains free lunch data. All data is as of October 31, 2012. From ATS, a school’s register and an unduplicated free lunch eligible count is produced. Dividing poverty by enrollment yields the school’s poverty rate. It is therefore critical that information from school lunch forms are keyed into ATS, through either school personnel or through the scanning project administered by the Office of School Food and Nutritional Services. Schools can generate ATS reports to verify ATS entry of applications.

The County Provision requires Title I funds to be allocated among the five boroughs in proportion to each county’s share of poverty counts in the federal census. Separate Title I poverty cutoffs are established for each borough (county). The city-wide rate for FY14 is 60%. Additionally, by Federal law the lowest poverty rate for designating a school Title I eligible is 35%. The Title I poverty cutoff by borough is as follows:

	<u>City-Wide</u>	<u>Manhattan</u>	<u>Bronx</u>	<u>Brooklyn</u>	<u>Queens</u>	<u>Staten Island</u>
County Title I Cutoff	60.00%	60.00%	60.00%	60.00%	60.00%	46.38%

Note: Past practice has been to continue one additional year of Title I funding for schools which are no longer eligible. In FY14, this practice will be applied only to those schools that have met the 60% free lunch criteria in FY13, but no longer are meeting that criteria in FY14. These schools will be grandfathered for one year.

New Schools: New schools are being established in Title I attendance zones. These schools will be designated Title I for FY14 only. Continued designation will be dependent upon the FY14 number of low income students as per the October 2013 audited register. These schools will not qualify for grandfather status in FY15 if the poverty rate falls below the respective county's cutoff rate. The estimated poverty count is not added to the overall NYC count, which includes public and non-public schools. Title I funding will come from the public school share after apportioning the NYC amount among non-public schools, neglected children, and public schools.

New schools that open following a closure but retain the same student body will assume the same percentage of low income students as the closing school.

Phasing-In New Schools and Restructured Schools: Title I methodology addresses the needs of new and restructured schools that are adding entirely new grade(s) of students. For these schools, the projected number of eligible students for the new classes will be added to the actual eligible student count from the prior year. The same poverty percentage as the prior year, or the borough minimum where there is no prior year history, will be used when calculating the amount of Title I funds for these schools.

NON-PUBLIC SCHOOL (NPS) AND NEGLECTED CHILDREN APPROPRIATION

The law requires use of comparable criteria to distribute Title I funds to public and non-public school students. These mandates are satisfied by identifying free lunch eligible non-public school students who reside in the attendance areas of Title I designated public schools (see below).

Title I funds are divided among each borough's Title I eligible student population to yield the borough's Title I per capita. The eligible population includes public school, non-public school and neglected children (count provided by the State). The per capita multiplied by the respective non-public eligible pupil count becomes the Non-Public School share of the Title I appropriation. The measure of poverty for non-public school children uses the same data described above for public school students. The difference is that non-public schools provide free lunch information through an on-line database.

The Federal law prohibits the targeting of non-public schools for Title I purposes. Consequently, to identify a non-public school Title I eligible pupil, the following procedure is used:

- Low income non-public school pupils are identified using the same measure as public schools;
- The address of a low income pupil is mapped to a public school attendance zone for the appropriate age and instructional level;
- If the attendance zone is that of a Title I public school, the NPS student is Title I eligible;
- If the attendance zone is that of a Non-Title I public school, the NPS student is not Title I eligible.

The public school attendance zones include the Title I schools that meet the established poverty cutoff rates.

NEGLECTED CHILDREN

The Neglected Children Title I appropriation is also calculated by multiplying the county per capita by the respective count of neglected children count, as reported by the NYSED. The Neglected Children programs are administered by both Alternative High Schools Programs and City-Wide Special Education.

PUBLIC SCHOOL ALLOCATIONS

After deducting the allowable set-asides, Title I instructional costs are then equitably distributed between non-public schools and public schools. The set asides include funds for priority and focus schools and parent engagement, which are allocated separately to schools. The Title I budget, net of these adjustments, is allocated to elementary, middle, and high schools on a per capita basis using the number of eligible children attending Title I designated schools.

With the delivery of services to each student as prescribed in their Individual Education Program (IEP), special education classes reduce the need for supplemental Title I services. As a result, Citywide Special Education Title I resources will be used to enhance supplementary Title I programs in elementary, middle, and high schools. This policy has been in effect since FY 1994.

he public school Title I county per capitas are:

	<u>City-Wide</u>	<u>Manhattan</u>	<u>Bronx</u>	<u>Brooklyn</u>	<u>Queens</u>	<u>Staten Island</u>
Public School Allocation Per Capita	\$934.17	\$913.52	\$1,068.05	\$1,061.74	\$648.47	\$860.97

Students in Temporary Housing (STH)

In accordance with the federal McKinney-Vento Homeless Assistance Act and Chancellor's Regulation A-780, schools must identify, serve, and report on students residing in temporary

housing (STH). Also, federal law requires all STH students to be Title I eligible regardless of the school they attend. Consequently, a non-Title I school will receive a Title I allocation for STH students. This allocation is calculated by multiplying the number of STH children enrolled by their respective county per capita amount.

The funds allocated for these pupils should be used to assist STH children in meeting the State's challenging academic content and academic achievement standards as well as assisting them when they have urgent needs. Since the number of STH children can change regularly, schools must carefully track this number to determine whether there has been an increase in need.

In FY14, schools must select a program description in Galaxy to identify funds that are being spent for STH students:

STH Academic Programs
STH Basic Emergency Supplies
STH Counseling Services
STH Data Collection
STH Extended Library Hours
STH General
STH Intervention Programs
STH Outreach Efforts for Support
STH Parental Involvement
STH Research Based Programs
STH Transport Moved To Perm Housing

Title I schools are required to set aside or schedule a minimum of \$100 per STH pupil. In determining how much to set-aside for STH, it is imperative that schools factor in their responsibility for covering emergency supply needs (such as school uniforms) for the entire year. Non-Title I schools are required to schedule the per capita funding as indicated by borough. For more information on the acceptable usage of the mandated Title I, Part A set-aside to support your STH population, please refer to the [Title I, Part A Set-Aside for Students in Temporary Housing Frequently Asked Questions](#) document on DOE's website.

<http://schools.nyc.gov/NR/ronlyres/9831364D-E542-4763-BC2F-7D424EBD5C83/86759/TitleIPartASetAsideforStudentsinTemporaryHousing20.pdf>

Parent Involvement

A minimum of 1% of a school's allocation of Title I, Part A funds must support parent involvement activities and programs. Chancellor's Regulation A-655 requires School Leadership Teams to consult with Title I parent representatives regarding the Title I program and the use of these funds. Parent involvement activities funded through Title I must be included in the parent involvement policy and aligned with student achievement goals in the school comprehensive education plan

A school-wide program (SWP) is based on a comprehensive school-wide program plan designed collaboratively at the school level to improve instruction. In addition to providing challenging content, the school-wide program plan incorporates intensive professional development for staff and collaboration, where appropriate, with community organizations to strengthen the school's program.

Highly Qualified Teachers

While the fiscal set aside is no longer mandated, professional development of teachers to ensure they become highly qualified continues to be a requirement. Schools are to use the BEDS survey to identify teachers who need additional certification. Please refer to guidelines from the Division of Human Resources for additional information.

Professional Development

While the fiscal set aside is no longer mandated, on-going professional development of all teachers continues to be required.

The Title I allocations will be placed in Galaxy in the following allocation categories:

- **Title I SWP**
- **Sequester/2010 Census Title I SWP**
- **Title I Targeted Assistance**
- **Sequester/2010 Census Title I TA**
- **Title I STH for Non Title I Schools**
- **Sequester Aid Title I STH for Non-Title I Schools**
