Guidelines for the Provision of Section 504 Accommodations

Compliance with Section 504 of the Federal Rehabilitation Act of 1973 requires annual notice to all parents. Accordingly, each school should reach out to parents by disseminating Section 504 information to Parents Associations, promulgating Section 504 information during Health Fairs and events that take place during the school year, as well as by making the information available at registration.

School-based Section 504 Coordinators oversee the implementation of this process which includes convening a Section 504 Team to evaluate requests for accommodations. In instances where additional resources such as a request for a paraprofessional allocation are being considered, the CFN Health Liaison may be included as a member of the team.

Following the Section 504 team recommendation and approval by the CFN Health Liaison on the Request for Section 504 Accommodation(s) for school year 2014-2015 form, the CFN provides the allocation to the school based on the start date and salary of the Section 504 Paraprofessional assigned to the student. Funding will be provided under the allocation category **TL Section 504**. Schools are notified of the approval by the CFN Health Liaison.
