

SCHOOL ALLOCATION MEMORANDUM NO. 92, FY 2015

DATE: December 2, 2014

Updated 05-06-2015

TO: Community Superintendents
High School Superintendents
Children First Networks
School Principals

FROM: Raymond J. Orlando, Chief Financial Officer

SUBJECT: Priority and Focus School Allocations

ESEA Flexibility Waiver

In September 2011, the federal government announced an ESEA regulatory initiative, inviting states to request flexibility regarding specific requirements of the No Child Left Behind Act (NCLB) of 2001 in exchange for state-developed plans designed to improve educational outcomes for all students, close achievement gaps, increase equity, and improve the quality of instruction. **New York State Education Department (NYSED) received approval from the U.S. Department of Education (USDOE) for its flexibility waiver request**, authorizing New York State to revise its accountability system and provide schools across New York State with flexibility in aligning resources to increase student outcomes. For additional information regarding specific provisions waived please visit: <http://www.p12.nysed.gov/esea-waiver/>

The waiver replaces the previous identification system and categories (PLA, Restructuring, Corrective Action, In Need of Improvement, In Good Standing, Rapidly Improving, and High Performing) with the new categories of Priority Schools, Focus Districts and Focus Schools, Local Assistance Plan Schools, Recognition Schools, and Reward Schools, using a new identification process. According to state rules, the identification of Priority, Focus, and Reward Schools is based on data from the **2010-11 school year and prior**.

Effective 2012-13 through 2014-15, the new system introduces more realistic performance targets and puts greater emphasis on student growth and college- and career-readiness, which also aligns with the Chancellor's priorities.

The ESEA waiver grants flexibility in the following areas:

- 2013-14 Timeline for All Students Becoming Proficient
- School and District Improvement Requirements
- Highly Qualified Teacher Improvement Plans
- School-wide Program Eligibility

- Use of School Improvement Grant Funds
- Twenty-First Century Community Learning
- Determining Annual Yearly Progress (AYP) for each school and district (optional)
- Rank Order
- Supplementary Educational Services (SES)

This flexibility also releases all schools from the requirement of setting aside 5% and 10% of their allocation to support the highly qualified and professional development mandates. It allows schools the opportunity to align resources and design programs that meet the specific needs of students to increase outcomes.

Allocation and Requirements

As per the ESEA Flexibility waiver, funds are to be reserved for Priority and Focus schools in support of allowable programs and activities approved by the NYSED. The Title I reserve is based on the Title I borough appropriation, the number of identified schools in need of improvement, and the resulting borough percentages that range from 5% to 8%. Four of the five boroughs were identified as having a need under the new regulation, and the per capita for each borough will remain the same as last year.

Borough	Manhattan	Bronx	Brooklyn	Queens	Staten Island
Per Capita	\$277.96	\$242.33	\$257.86	\$281.96	N/A

Reserves for non-Title I Priority and Focus schools will be based on their poverty count as per the Title I Allocation School Memorandum #8 and the above borough per capita. The allocation must support programs and activities detailed in the School Comprehensive Educational Plan (SCEP), and the allowable activities that appear in Appendix A. Schools will also need to identify the allowable activities with each item scheduled in Galaxy, as indicated in more detail below.

Allocation for School Achievement Initiative:

In order to support continued professional development in Math and English Language Arts, as well as leadership training for targeted schools in the School Renewal Initiative, additional Title I funds are being provided for per diem and per session (see Table 2). Funds will be placed in the **Title I Priority/Focus School Achievement** allocation category.

School Comprehensive Educational Plan (SCEP)

Priority and Focus Schools not implementing a School Improvement Grant (SIG) or School Innovation Fund (SIF) plan are required to develop a full School Comprehensive Educational Plan (SCEP). The SCEP and the SIG and SIF plans are aligned with the [Capacity Framework](#) and the NYSED Diagnostic Tool for School and District Effectiveness (DTSDE) and will inform the District Comprehensive Improvement Plan (DCIP). SIG Cohorts 4 and 5 and SIF schools will need to complete the SCEP appendix only.

The required school plans should be based on the findings and recommendations contained in the most recent Integrated Intervention Team (IIT) Review, NYCDOE Quality Review, and other needs assessments.

Parent Engagement

Priority and Focus schools will receive an additional 1% of the Title I allocation for parent engagement activity. The 1% Priority and Focus Engagement set-aside is in addition to their parent involvement set-aside that is described in [Title I School Allocation Memorandum No. 8](#).

The primary objective of this additional set aside is to enable greater and more meaningful parent participation in the education of their children. To this end, we have identified these Partnership Standards for School and Families which define parent engagement and provide guidance to schools and families in building partnerships that lead to greater student success. These allowable activities may be supported with the set-aside requirement and include:

- Fostering Communication: School and families engage in an open exchange of information regarding student progress, school-wide goals and support activities.
- Encouraging Parent Involvement: Parents have diverse and meaningful roles in the school community and their children's achievement.
- Creating Welcoming Schools: Creating a welcoming, positive school climate with the commitment of the entire school community.
- Partnering for School Success: School engages families in setting high expectations for students and actively partners with parents to prepare students for their next level.
- Collaborating Effectively: School community works together to make decisions about the academic and personal growth of students through school-wide goals. School fosters collaborations with community-based organizations to create a vibrant, fulfilling environment for students and families.

These partnership standards are also consistent with the sixth tenet of Family and Community Engagement of the Diagnostic Tool for School and District Effectiveness (DTSDE).

Public School Choice

Public School Choice is required for all Priority and Focus Schools. School districts must provide all students in identified schools with the option to transfer to another public school in good standing, and provide/pay for transportation to the receiving schools. A child who transfers may remain in the receiving school until the child has completed the highest grade in that school.

Expanded Learning Time (Priority Schools Only)

The ESEA Flexibility Waiver mandates the implementation of Expanded Learning Time (ELT) in Priority Schools. ELT activities are enriching educational experiences that happen outside of the traditional classroom and blend skill acquisition, relationship building and fun to foster academic and social-emotional growth in students. Summer learning, afterschool programming, and extended-day

ELT models, when well-implemented, play a critical role in supporting students in all grades and ensuring that they graduate from high school college and career ready.

SED requires that Priority schools offer a minimum of 200 additional student contact hours as Expanded Learning Time in addition to the current mandated length of 900 hours of instruction per year (25 hours per week) in grades K-6 and 990 hours of instruction per year (27.5 hours per week) in grades 7-12.

- If the school receives School Improvement Grant (SIG) or School Innovation Grant (SIF) funding, the program must be offered to all students at the school, with the goal of serving at a minimum fifty percent (50%) of students.
- If the school does not receive SIG funding, the program must be offered to all students eligible for Academic Intervention Services (AIS), with the goal of serving at a minimum fifty percent of AIS-eligible students.

Instruction in any academic subject offered in the program must be delivered under the supervision of a NYCDOE teacher who is NYS certified in that particular content area. Priority schools must complete the ELT Program description of their SCEP (Section VII) to demonstrate how they are meeting these requirements. For more information about structuring ELT programs contact your Network Academic Policy Point.

As of FY 2012, the NYCDOE will no longer provide Supplemental Education Services (SES). Priority Schools may choose to provide academic remediation or expanded learning time from an array of contracted vendors. If a school chooses to contract with a vendor to provide ELT, they can use the Multiple Task Award Contract (MTAC) utility to get an appropriate vendor based on their needs.

In addition to implementing an ELT program, schools can implement programing aligned to the allowable activities.

Galaxy Requirements

As Priority and Focus funds are scheduled, schools will need to select one of the activity descriptions using "Program" drop-down field in Galaxy. This will demonstrate compliance with allowable activities, as described in **Appendix A: List of Galaxy Program Dropdown and Priority and Focus Allowable Activities**. The scheduling of funds must be aligned with the corresponding goals and action plans for each Capacity Framework element as detailed in the SCEP.

The Priority and Focus School allocations will be placed in Galaxy in the following allocation categories:

- **Title I Priority/Focus SWP**
- **Title I Priority/Focus TA**
- **Priority/Focus Schools**
- **Priority/Focus Parent Engagement Schools**
