

## SCHOOL ALLOCATION MEMORANDUM NO. 37, FY 2017

**DATE:** May 27, 2016

**TO:** Community Superintendents  
High School Superintendents  
Borough Field Support Center Teams  
School Principals

**FROM:** Raymond J. Orlando, Chief Financial Officer

**SUBJECT:** Priority and Focus School Allocations

---

### **Every Student Succeed Act (ESSA)**

On December 10, 2015, President Obama signed into law the Every Student Succeed Act (ESSA), which reauthorizes the Elementary and Secondary Education Act (ESEA) of 1965. While the reauthorization took effect immediately, the effective date of ESSA has been extended to FY 2018. This extension allows State Education Departments across the country to adapt to new legislative changes, to consult with various groups affected by the reauthorization, and to create and issue new guidance and regulations, some of which will have a direct impact on school allocations in FY 2018.

For FY 2017, allocations of federal dollars covered by ESSA will be issued using the same methodology as FY 2016. School allocations will be based on the No Child Left Behind Act of 2001 and the current Title I formula.

### **ESEA Flexibility Waiver**

In FY 2013, the New York State Education Department (NYSED) received a waiver granting schools in New York State additional flexibility with regard to the use of Title I funds. On June 23, 2015, USDE approved New York State's ESEA flexibility renewal request for the 2015-2016 through 2018-2019 school years. However, due to the enactment of ESSA, NYSED will be issuing guidance to transition from the provisions of the approved ESEA Flexibility Waiver to the new ESSA. This will not impact schools in 2016-2017 school year. School districts will continue to be subject to the same requirements in the administration of their ESEA programs and funds as are in place for the 2015-2016 school year. This means that any identified Focus Districts will be required to continue the implementation of interventions applicable to priority and focus schools during the 2016-2017 school year.

### **Allocation and Requirements**

As per the ESEA Flexibility waiver, funds are to be reserved for Priority and Focus schools in support of allowable programs and activities approved by NYSED. The Title I reserve is based on the Title I borough appropriation, the number of identified schools in need of improvement as per NYSED's February 26, 2016 accountability designation, and the resulting borough percentages that range from 5% to 7%. For FY 2017, all five boroughs are identified as having a need under the new regulation, and the per capita for each borough is as follows.

Borough	Manhattan	Bronx	Brooklyn	Queens	Staten Island
Per Capita	\$243.83	\$168.88	\$345.29	\$198.32	\$151.69

Reserves for non-Title I Priority and Focus schools will be based on their poverty count as per the Title I student data in School Allocation Memorandum (SAM) #08, and the above borough per capita. The allocation must support programs and activities detailed in the School Comprehensive Educational Plan (SCEP), and the allowable activities that appear in Appendix A. Schools will also need to identify the allowable activities with each item scheduled in Galaxy, as indicated below.

**School Comprehensive Educational Plan (SCEP)**

All Priority and Focus Schools are required to develop a School Comprehensive Educational Plan (SCEP). The SCEP is aligned with the [Framework for Great Schools](#) and the NYSED Diagnostic Tool for School and District Effectiveness (DTSDE) and will inform the District Comprehensive Improvement Plan (DCIP).

The required school plans should be based on the findings and recommendations contained in the most recent NYSED Integrated Intervention Team (IIT) Review, NYCDOE Quality Review, Central Led Review (CLR), and other needs assessments.

**Parent Education (formerly Parent Engagement)**

NYSED has updated the terminology for “parent engagement” to “parent education.” The list of parent education allowable activities is the same as last year, and the list is included in the attached appendix under the Framework for Greater Schools: Strong Family-Community Ties (with DTSDE Tenet SOP References).

Priority and Focus schools will receive an additional Title I allocation for parent education activities. The set-aside is in addition to the parent involvement set-aside that is described in Title I SAM #08. The primary objective of this additional set aside is to enable greater and more meaningful parent participation in the education of their children. NYSED, in consultation with the New York Comprehensive Technical Assistance Center, has identified Partnership Standards for School and Families which are aligned with the National PTA Standards for effective parent engagement. Based on these consultations, NYSED has created a menu of allowable activities to meet the set-aside requirements, which focus on:

- Fostering Communication: School and families engage in an open exchange of information regarding student progress, school-wide goals, and support activities.
- Encouraging Parent Involvement: Parents have diverse and meaningful roles in the school community and their children’s achievement.
- Creating Welcoming Schools: Creating a welcoming, positive school climate with the commitment of the entire school community.
- Partnering for School Achievement: Schools engage families in setting high expectations for students and actively partners with parents to prepare students for their next level.
- Collaborating Effectively: School community works together to make decisions about the academic and personal growth of students through school-wide goals. Schools foster collaborations with community-based organizations to create a vibrant, fulfilling environment for students and families.

These Partnership Standards are also consistent with the sixth tenet of Family and Community Engagement of the DTSDE and the Framework for Great Schools Element for Strong Family and Community Ties.

For FY 2017, NYSED has determined that the provision under the ESEA Flexibility Waiver of using other resources to meet mandated set asides does not apply to the parent education reserve. As a result, Title I Priority and Focus schools will receive a parent education allocation based on the amount of the DOE parent education set-aside requirement, which has its own county per capita, and the Title I weighted student count.

Borough	Manhattan	Bronx	Brooklyn	Queens	Staten Island
Per Capita	\$64.77	\$32.04	\$91.72	\$52.68	\$40.29

Non-Title I Priority and Focus schools will receive the same per capita through tax levy funds. Since the allocation will be distributed to only the 301 identified schools, the reserve requirement is larger than the 1% Title I parent involvement allocation provided via Title I SAM #08.

Funds can be scheduled in Galaxy and expended in only the following titles exclusively for the use for parent education services:

Object/Line Code	Description
400	Parent Involvement (489)
451	Local travel
633	Pupil Transportation
3002	Teacher Per Session
6014	Bulk School Aide Per Session

### **Public School Choice**

Public School Choice is required for all Priority and Focus Schools. School districts must provide all students in identified schools with the option to transfer to another public school in good standing, and provide/pay for transportation to the receiving schools. A child who transfers may remain in the receiving school until the child has completed the highest grade in that school.

### **Expanded Learning Time (ELT)**

Consistent with its approved ESEA Flexibility Waiver, NYSED requires that Priority Schools offer a minimum of 200 additional student contact hours as Expanded Learning Time (ELT) in addition to the current mandated length of 900 hours of instruction per year (25 hours per week) in grades K-6 and 990 hours of instruction per year (27.5 hours per week) in grades 7-12. NYSED describes ELT activities as enriching educational experiences that happen outside of the traditional classroom and blend skill acquisition, relationship building and fun to foster academic and social-emotional growth in students. Summer learning, afterschool programming, and extended-day ELT models, when well-implemented, play a critical role in supporting students in all grades and ensuring that they graduate from high school, college and career ready.

NYSED's standards for approval of an ELT program in a Priority School are as follows:

- The program must ensure the integration of academics, enrichment, and skill development through hands-on experiences that make learning relevant and engaging.

- The program must offer a range of activities that capture student interest and strengthen student engagement in learning so as to promote higher attendance, reduce risk for retention or drop out, and increase the likelihood of graduation.
- The program must actively address the unique learning needs and interests of all types of students, especially those who may benefit from approaches and experiences not offered in the traditional classroom setting.
- The program must contain components designed to improve student academic, social, and emotional outcomes, including opportunities for enrichment programs such as in music and art.
- Instruction in any core academic subject offered in the program must be delivered under the supervision of a teacher who is NYS certified in that particular content area.
- The ELT program may be either voluntary or compulsory. However, if the program is voluntary, its goal must be to serve at least fifty percent of eligible students.
- In Priority Schools that receive School Improvement Grant (SIG) or School Innovation Grant (SIF) funding, an ELT program that is voluntary must be offered to all students with the goal of serving at a minimum fifty percent (50%) of students.
- In Priority Schools that do not receive SIG or SIF funding, an ELT program that is voluntary must be offered to all students eligible for Academic Intervention Services (AIS), with the goal of serving at a minimum fifty percent (50%) of AIS-eligible students.

Important Notes and additional Information:

- **ELT Program Description:** All Priority Schools and Renewal Schools must complete the ELT Program Description section of their SCEP or RSCEP (Section VII) to demonstrate how they are meeting these requirements.
- **Supplemental Educational Services (SES):** As of FY 2012, the NYCDOE will no longer provide Supplemental Educational Services (SES). Priority Schools may choose to provide academic remediation or ELT from an array of contracted vendors. If a school chooses to contract with a vendor to provide ELT, they can use the Multiple Task Award Contract (MTAC) utility to get an appropriate vendor based on their needs.

**Galaxy Requirements**

As Priority and Focus funds are scheduled, schools will need to select one of the activity descriptions using “Program” drop-down field in Galaxy. This will demonstrate compliance with allowable activities, as described in **Appendix A: List of Galaxy Program Dropdown and Priority and Focus (PF) Allowable Activities**. The scheduling of funds must be aligned with the corresponding goals and action plans for each Framework for Great Schools element as detailed in the SCEP.

As Title I appropriations do not include increases for collective bargaining, tax levy funds will be provided for staff rolled over in Galaxy to FY 2017, and for per session, per diem, prep coverage and F status services scheduled in Galaxy in FY 2016 as of April 26, 2016. Funding for collective bargaining will be placed in the **TL CB School Staff** allocation category. Refer to SAM #06 for details.

The Priority and Focus School allocations, applicable to your school, will be placed in Galaxy using the allocation categories (AC) listed below and must be scheduled based on the Galaxy requirements associated with the AC:

Allocation Categories	Galaxy Requirements
<b>Title I Priority/Focus SWP</b>	Items must be tagged with PF descriptions in the Galaxy Program dropdown. The total amount of items tagged must be greater than or equal to the amount allocated. Note that any fund source that is <u>conceptually consolidated</u> can be tagged, however, the total of all items, regardless of conceptually consolidated AC used, must equal the allocation amount.
<b>Title I Priority/Focus TA Priority/Focus Schools (Non-Title I)</b>	Title I Priority/Focus TA and Priority/Focus Schools (Non-Title I) – funds must only be used for PF allowable activities, and must be tagged using PF Program dropdown descriptions in Galaxy.
<b>Priority/Focus Parent Education (Non-Title I)</b>	Items must be tagged with PF descriptions in the Galaxy Program dropdown with only allowable activities for PF Framework for Great City Schools Elements for Strong Family and Community Ties. The total amount of items tagged must equal to the amount allocated.
<b>Title I Priority/Focus TA Parent Education</b>	Items must be tagged with PF descriptions in the Galaxy Program dropdown with only allowable activities for PF Framework for Great City Schools Elements for Strong Family and Community Ties. The total amount of items tagged must equal or greater than the amount allocated.
<b>Title I Priority/Focus SWP Parent Education</b>	Note that this allocation category <u>cannot</u> be conceptually consolidated. Items must be tagged with PF descriptions in the Galaxy Program dropdown with only allowable activities for PF Framework for Great City Schools Elements for Strong Family and Community Ties. The total amount of items tagged must equal or greater than the amount allocated.

---	--

**Framework for Great Schools Element: [Strong Family-Community Ties](#) (w/DTSDE Tenet SOP References)**

**Galaxy Program Dropdown and List of Priority and Focus Allowable Activities**

6.2 – Welcoming environment  
6.3 – Reciprocal communication  
6.4 – Partnerships, shared decision making & responsibility  
6.5 – Use of data: Family & community engagement

**Parent Education** activities are more open and flexible about the possible uses of funds. Funds do not have to be focused on greater parent involvement in the Title I/AIS program. Activities can range from welcoming all families into the school community to parent trainings that are more general in nature.

***What are allowable uses of the 1% Parent Education funds?***

- Parent trainings/workshops to assist them in helping their child succeed academically.
- Literacy Zone Centers
- Professional Development for school leaders and teachers related to working with and building effective parent partnerships.
- Training for parents on working effectively with teachers to enhance student performance.
- Training for parents on building supports for their children, including health and nutrition services.

***What are non-allowable uses of the 1% Parent Education funds?***

- Salaries for district or school personnel to be part of parent committees.
- Charges for building usage (This should be part of district “off-the-top” expenses.)
- Charges for custodial or security (This should be part of district “off-the-top” expenses.)
- Charges for awards, certificates, district or school labeled paraphernalia (e.g., T-Shirts, Book bags, stickers, etc.)
- Salaries or stipends for parents to participate on district or school committees.
- District only sponsored events and activities. Parents, school administrators, and school staff must be given an opportunity to determine what Parent Engagement activities are appropriate to their needs.

Additional guidance and a comprehensive list of allowable activities for the Parent Engagement Set-Aside are available in the June 2013 Field Memo:

<http://www.p12.nysed.gov/accountability/documents/ParentEngagementMemo101712.pdf>
