Release 2.6.28 includes the following updates and enhancements for myGalaxy.

PO View Details

myGalaxy will allow you to export the PO View details screen to an Excel spreadsheet using the 'Export to Excel' button at the top of the page (**FIG1**).

The screenshot shows the myGalaxy interface for 'Commitment Details'. At the top left is the myGalaxy logo. To the right, there are dropdown menus for 'Year' (set to 2007), 'District' (set to 05), and 'School' (set to 05M123). Below these are several columns: Activity Code, Vendor Name, FAMIS PO No., Doc. Ref. No., FAMIS Posting Date, Status, and Amount. At the bottom of the screen, there are three buttons: 'Print', 'Export to Excel' (which is highlighted with a black border), and 'Close'.

FIG1.
